Committee

Development in Piscataway has run unchecked for the past four years. Continued development will lead to higher taxes and congested roads.

Curbing Development

Helen Merolla is a leader in the fight to protect open space. Along with her running mates, she opposes uncontrolled sprawl and will work to maintain our quality of life.

The Merolla Team supports practical zoning changes to curb unwanted development. They also will limit variances to ensure that all zoning requirements are met.

Doing the Right Thing

The Merolla team has not accepted a single dollar in contributions from any developer. They never will. The Merolla team will enact an ethics reform package that will severely restrict contributions to both political parties and their candidates from developers seeking approvals to build in Piscataway. They will aggressively oppose Mayor Wahler's plan announced last Friday to construct an additional 600 to 700 units of housing in the area of Metlars Lane and Suttons Lane. The Merolla team will take down once and for all the political "For Sale" from our township and send the developers packing.
